# How You Can Help with the WIP...

- Review our WIP (watershed implementation plan) documents on our website at [www.franklinccd.org](http://www.franklinccd.org)
- Encourage others to review our WIP documents
- Bring us landowners who are willing to implement projects
- Volunteer to plant and/or maintain forested buffers and/or rain gardens
- Connect with our WIP Coordinator to identify additional partnership opportunities
- Coordinate with us regarding any BMPs (best management practices) that you install so they get reported in the Bay model (stormwater or other BMPs for municipalities; riparian buffers or other BMPs for watershed groups)
