PARTNERSHIP**
CONSERVATION NETWORK

13TH ANNUAL "POWER OF THE PARTNERSHIP" CELEBRATION

STATE OF THE REGION: THE POWER OF CHOICE

Sept. 29, 2023 // 11 a.m.–2:30 p.m. // Whispering Pines Estate // Lewisberry, PA

Join **South Mountain Partnership** for the sole regional gathering celebrating the beauty and diversity of our landscape, the crafts and cuisine gifted by joining land and people, and the stewards who protect and promote this unique place and its rich culture.

This year, we unveil the inaugural State of the Region *Report Card*, part of a multi-year effort that assesses the health of our treasured region and identifies trends, projects, actions, and purposeful choices that have the power to preserve and enhance our South Mountain communities as an ideal place to live, work, and play for generations to come.

"Power of the Partnership" gatherings are valued for their reflection of our mission – warm, meaningful engagement, networking with like-minded individuals and organizations whose purpose intersect at SMP's mission, a gorgeous outdoor setting, and locally sourced and crafted fare, beverages, and artisan offerings.

New this year, a giftboard will be offered to guests along with a recyclable "Choice Keeper" tote. Guests will be invited to choose favors among local produce, products, and samplings.

As an organization deeply connected to the health of the land and its people, we invite you to partner with **South Mountain Partnership** to host this gathering. Doing so ensures the event is open to all who share in our vision and supports fair compensation for our local artisans, farmers, and chefs.
